

CI PARKHOMES

Double Wide

We'll Accommodate You!

KWIKSPACE
Modular Buildings

*If you need double the amount of space from a mobile unit, that is easily transferable from one location to another, then the **KWIKSPACE Double Wide Unit** is the answer.*

Features

- 40mm high density Polyurethane foam panels with 0.5mm Chromadek finish on both sides.
- Fully insulated, ensuring a high level of comfort.
- Ready for immediate use.
- Used in all types of applications.
- Configured to suit customer's needs.
- Little or no site preparation.
- Manufactured in factory controlled environment.

Units can also be assembled on site on a bolted chassis, concrete slab or on a suspended floor.

Benefits

- Easily transportable.
- Quick delivery.
- 100% relocatable.
- Priced cheaper than brick and mortar buildings.
- Aesthetically very pleasing.
- Very little or no maintenance required.
- **Unit sizes:**
 - 7.06m x 6.98m
 - 7.06m x 9.3m
 - 7.06m x 11.62m
